Covid 19 updates

All participants and spectators at this year's Run-A-Mucca Motorcycle & Music Festival are reminded to wear masks and socially distance per local guidelines.

Those with COVID-like symptoms or who have recently been exposed to someone with active COVID-19 should stay home.

As of May 1, 2021 all casinos are open at 100% capacity but must require masks to be worn inside.

Our other businesses are now open at 100% capacity and are not mandated to require masks inside.

Darrel has added the T-Shirt design to the website.

The committee notes that we are short of volunteers needed to accomplish added activities.
